# Selling in a Down Economy

Jeremy Durant

If you are like most salespeople I speak with, your outlook for 2009 is a bleak one. I don't blame you – the news is discouraging - jobs being cut, companies conducting first-time layoffs, budgets being minimized. But as the old saying goes, "If it bleeds, it leads." Of course, the media may focus on the negative elements to increase viewership, but what they aren't telling you is that there are still plenty of sales to be made. Yes, 2009 may not be an ideal time to sell but this dramatic change presents a unique opportunity.

Here are some tips for selling in a down economy-

## **Focus on Value and ROI**

What is the point of paying 25-50% more for a brand-name printer cartridge when a client can get the same output and quality from an after-market one? Customers do like the security and reliability of a well-known brand; but in this down economy, illustrate the dollar amount saved with the same quality printing. This can be done in many creative ways. 25-50% savings could be \$30-\$40 per cartridge. That's a movie night with a loved one or a meal with the family. Illustrate the emotional benefits so that a customer understands the superior value.

## **Ask the Right Questions**

Don't make any assumptions regarding what the customer values. Ask questions- focus on current issues they are dealing with, what problems these lead to, and changes that could be made leading to a payoff. By asking the right questions, you will understand what the customer truly values and hopefully lead them to a moment when they tell you the benefits of your product. Let me repeat, don't assume anything! One client may buy an after-market cartridge because of the cost benefits, another may buy because of less environmental impact. There can be various reasons. If you ask the right questions, you can tailor your pitch to their individual buying motive.

## **Leverage Current Customer Relationships**

Many salespeople forget that current customers can serve as their most effective champions. Make sure to take advantage of your client network, and don't hesitate to ask for referrals from customers you have an excellent relationship with. If you're referred to a new prospect, your product/service should already have some credibility before you even meet with them. In this down economy, the exponential nature of referrals is a great way to maximize the number of qualified prospects you are selling to.

You cannot lose sight of sales methods that have been proven over time. Stick to the fundamentals and always project confidence and credibility. Don't do anything that can be perceived as desperate. Have faith in your sales ability and your product, and you should be able to succeed in these difficult economic times.

refill my  
empties

## **How does the Refill My Empties™ Program work?**

1. You send us your empties for remanufacturing
2. We inspect, clean, fill, test and package your empties for you
3. You receive Guaranteed cartridges Ready-To-Sell

## **Who can benefit from this program?**

If you collect empty inkjet cartridges, you can benefit from this program. We have hundreds of dealers using this program now. Many of them are high volume internet retailers. They rely on the Refill My Empties program to maintain a healthy profit-per-cartridge, even with the price-competition nature of the internet.

## **What is the minimum order?**

We have a 5 cartridge minimum for each model of cartridge you send. For example, if you are sending 10 different cartridge models, you must send at least five of each model. If you use our Guaranteed Express program, there is no minimum.

## **What cartridge models can I send?**

We service 53 cartridges including the following brands: HP, Lexmark, Dell, and Canon. See the price sheet for a complete list of cartridges.

## **What is your quality record and failure rate?**

Our average failure rate is 2.5%. We are one of the only remanufacturers to publish our failure rates. The fact that we were voted #1 in Inkjet Quality by the readers of Recharger Magazine validates our commitment to quality.

## **What is your warranty and return policy?**

All cartridges remanufactured by Cartridges Are Us come with our standard one-year warranty. Defective cartridges can be returned for a credit on your account or a replacement. We do not do cash refunds or issue checks.

## **What is the turn around time?**

The normal turn around time is 7 to 10 days. That means your shipment will be shipped back to you 7 to 10 days from the time we process your cartridges.

## **How is the final product packaged?**

All cartridges will be shipped back to you in our standard clamshell packaging.

## **What about shipping?**

You pay for shipping both ways. We can ship using FedEx or UPS – whichever you prefer. Orders totaling \$300 or more will receive free ground shipping back to you.

## **What happens to defective empties?**

We only accept virgin empties to cut down on defects. If some of your empties do not pass our visual or electrical inspection, they can be returned to you free of charge as long as you cover the cost of shipping. However, for cartridges that are rejected during the remanufacturing process, we charge a \$1.00 processing fee for each one you want returned.

## **How do I get started?**

1. Fill out the Refill My Empties Order Form.
2. Package up your empties according to our packaging guide.
3. Ship us your empties along with a copy of the Order Form.

## BEFORE YOU REPLACE A PRINTER:

It is extremely unlikely that any inkjet cartridge will ruin a printer. Remember, the total volume of ink in a cartridge is extremely low; and if the entire amount were to somehow get out, it would still only be a small amount. When people fail to clean their printers and ink accumulates in their reservoirs, this can spill out; and often, the cartridge is blamed for neglect in cleaning. This happens especially when printers are moved or tipped.

If you believe a printer was damaged by a CAU cartridge, our policy is as follows:

1. You must obtain an RMA form from CAU by calling 888.525.2322
2. Ship the printer in question and the cartridge, at your expense, back to CAU, 100 Raycraft Drive, Ithaca, MI 48847

Upon receipt of the printer, we will have our authorized technicians examine it to determine if the CAU cartridge was at fault or if there were other issues (such as improper cleaning and maintenance) that actually caused the problem. If we determine that a CAU cartridge was at fault, we will clean the printer, ship it back to you and we will pay for the ground shipping charges.

THE ABOVE POLICY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESSED, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY AND SETS FORTH BUYER'S EXCLUSIVE REMEDY IN CONNECTION WITH SUCH WARRANTIES. IN NO EVENT SHALL WE BE LIABLE FOR COLLATERAL, CONSEQUENTIAL, INDIRECT, INCIDENTAL OR EXEMPLARY DAMAGES, INCLUDING, WITHOUT LIMITATION, ANY LOST PROFITS, LOSS OF DATA OR LOSS OF USE, ARISING OUT OF, OR CONNECTED IN ANY WAY WITH, THIS AGREEMENT OR ANY GOODS SOLD PURSUANT HERETO. SOME STATES OR PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES OR IMPLIED WARRANTIES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER LEGAL RIGHTS WHICH VARY FROM STATE TO STATE OR PROVINCE TO PROVINCE.
